Mr. John J. King  
400 Furrows Rd  
Holtsville, NY 11742

Dear Mr. King:

On behalf of the Stony Brook University community, thank you for your recent gift to the Stony Brook Foundation in support of the Multiple Sclerosis Care Center. It is greatly appreciated.

Your generous contribution helps us to advance our mission as a leading public research university and academic medical center and challenges us to work even harder to maintain your support and trust.

Donors like you help Stony Brook pursue and achieve excellence across an impressive range of endeavors. Whether it is our life-saving medical care and treatment, enriching undergraduate curriculum, top-ranked graduate programs, stimulating arts and cultural offerings, or service to the community, Stony Brook could not have become a world-class institution without the support of our alumni and friends.

I also want to thank you for being a part of the President's Circle through your giving. The President's Circle is a special group of donors whose generosity is of great benefit to Stony Brook University through their support of \$1,000 or more in a year. President's Circle members are vital to the University's future, and we are pleased to have you among them.

Thanks again for your support.

Sincerely,

A handwritten signature in blue ink that reads "Edward W. Testa".

Edward W. Testa  
Associate Vice President for Advancement Services  
Stony Brook Foundation
