Mr. John King
J. King's Distributors
700 Furrows Rd.
Holtsville, NY 11742

Dear Mr. King: 

Thank you for your support of the Multiple Sclerosis Comprehensive Care Center at Stony Brook University Medical Center through your generous donation to the Stony Brook Foundation. Your contribution was an important part of the recent event hosted by Filomena Lombardi and her family. We are thankful for the valued partnership with Filomena, and gratefully acknowledge her commitment to finding new treatments and therapies for Multiple Sclerosis.

Stony Brook University Medical Center is an academic medical center- our three pronged mission of providing excellent clinical care, educating the next generation of healthcare professionals and conducting ground breaking research requires private support to be sustained. We are grateful to count you among our many generous benefactors.

Thank you again for your generous support.

Sincerely,

Carrie Bhada
Sr. Director of Development
