

# Now Available: Green Planet Water

Item #: 60680

Pack Size: 24/16.9 oz

***By choosing Green Planet,  
you're helping to reduce global warming,  
carbon emissions and our dependency on oil.***

- *Sourced locally from within 300 miles of each market. Rather than purchase a bottle of water from the Alps or some tropical island, your customers can enjoy the same crisp, refreshing taste without the carbon footprint!*
- *Green Planet water is of the highest quality, completely cleansed of all impurities, bad aftertastes and is chemical free.*
- *Green Planet bottles are made from Ingeo™, a plastic made entirely from plants, not oil. The process uses 20%–50% fewer fossil resources than conventional plastic resins, and performs equal to or better than traditional plastics. In short, Ingeo™, solves all the problems associated with traditional plastics:*
  - o *Green House Gas neutral*
  - o *Biodegradable/Compostable*
  - o *Burns clean if incinerated*
  - o *Leaches no chemicals into the water*
  - o *Renewable resource made from plant starches not petroleum*
  - o *Every 72 bottles you collect saves 1 gallon of crude oil*
