

# Panini Sandwiches

Panini simply means sandwich in Italian, but here in the US has come to mean a sandwich toasted in an Italian style clam shell grill with ridged grilling plates. Panini can be made with any kind of bread and filling. They can be assembled before service and then grilled to order (usually takes 3 minutes for grilling), making them quick and convenient.

## PANINI TIPS:

- i Lightly butter or oil the outside of the sandwich just before grilling to create a golden brown crust.
- i Layer sliced or grated cheese next to the bottom and the top slices of the bread to hold the sandwich together.
- i Focaccia is popular for making Panini.
- i To promote even browning, try building the Panino (singular) with cut sides of the focaccia out.
